H-100%

Surface disinfectant. Contains 100% alcohol.

DESCRIPTION

H-100% is a surface disinfectant with a 100% isopropyl alcohol concentration. It can be applied on any hard or soft surface. As it contains a high concentration of alcohol, it evaporates completely without leaving any residue. Its cleaning power eliminates any type of carrier that produces germs, allergens, dust and environmental dirt.

Authorized by the General Directorate of Public Health of the Ministry of Health

HOW TO USE

Spray the product directly to the area to be treated, always respecting a distance of 20 to 25 cm. Take into account the area to be treated to not be damaged by the product. Scrub and spread the product with a clean, dry cloth/paper.

APPLICATION

Ideal for use in any domestic or public place such as on computer screens, keyboards, mice, telephones, chairs, tables, door knobs, intercoms, time control machines, bathrooms, kitchens, elevator buttons, handrails, pens, stamps, protective masks, electrical appliances, point of sale terminals, keys, textiles (do not apply to leather or leatherette), etc.

Also suitable for vehicles and public transport such as on the steering wheel, dashboards, seats, gearshift, touch screens, among others.

Accutane is a powerful topical drug meant to kill bacteria. Having acne means having a constant pain, that is why [Accutane](#) has to work very fast. Its most powerful effect either shows itself within the first 6 months of treatment or is considered insignificant for the patient. Unfortunately, there is no universal formula to fight acne; at the same time, this skin disorder is often manifests so seriously that people simply don't have the time to try various products.

FORMAT

- REF: 50248301
 - 400 ml aerosol.
Boxes of 12 units.
Complete pallets of 90 boxes
