AIRNET & AIRPUR PRO KIT

Treatment for evaporators. (Disinfectant, bactericide, fungicide, viricide, degrease, odor eliminator). NSF registered (D2).

DESCRIPTION

AIRNET + AIRPUR PRO is an easy-to-apply Kit that disinfects, cleans and eliminates bad odors from air conditioning in just 2 steps. Eliminates by contact the accumulations of dirt produced by the passage of air, microorganisms, viruses, bacteria, fungi, nicotine, dust, etc. and keeps the circuit free of unpleasant odours.

HOW TO USE

Easy application in 2 steps:

AIRNET PRO

We turn on the air in cold mode, remove the filters and clean them with the AIRNET PRO product, leave the product current for 30 seconds and rinse with water (let them dry). We apply the AIRNET PRO product on the evaporated coil until saturation in order to drag the dirt to the condensate tray, and let it act for 15 minutes.

AIRPUR PRO

Once this time has elapsed, we apply the AIRPUR PRO product, repeating the same process applied to the evaporated coil as with the AIRNET PRO.

The equipment is disinfected clean and free of bacteria, viruses and fungi.

FORMAT

REF: 10263101

Kit of 2 x 750ml

Boxes of 6 kits.

Complete pallets 36 boxes.

PHYSICAL PROPERTIES

APPEARANCE – LIQUID
COLOUR – LIGHT GREEN / TRANSLUCENT
WEIGHT – 750 GR. FOR CONTAINER
PH 100% – 11/4.5

QUALITATIVE COMPOSITION

NON-IONIC SURFACTANTS
CATIONIC SURFACTANTS
ANTICORROSIVES
SOLVENTS
SEQUESTRANTS
METALLIC OLEATES
QUATERNARY AMMONIUM SALTS
ALCOHOL
